

# VOLVO GENUINE OIL FILTERS

When maximized uptime can't be compromised

## SALES SHEET

### VOLVO GENUINE VALUE

Volvo Genuine Oil Filters are part of an integrated system of components, designed by Volvo to work together to benefit your engine. Maximizing your truck performance requires each part, designed and manufactured for your Volvo Truck, to perform together seamlessly. Volvo uses only the finest available filter media, adhesives and seals to give your truck superior filtration.

### VOLVO GENUINE ADVANTAGE

#### **Volvo Genuine Filter Paper**

Volvo Genuine filters contain a specially produced, densely pleated and embossed filter paper. It is made from fine and coarse cellulose fibers, which provide the correct efficiency and capacity. The crimped joint in the filter paper on a Volvo Genuine filter is particularly effective, producing a 100% seal along its full length.

#### **The Volvo Genuine Design**

The robust outer casing of the Volvo Genuine Long Life Oil Filter is made by 0.75 mm corrosion protected sheet steel (0.63 mm standard filter) in order to resist damage when being fitted. The Volvo Genuine filter has a special grip on the bottom of the canister.

#### **The Gasket**

The top rubber gasket between the filter and oil filter housing is made of AEM, which is superior to the more common NBR.

#### **The Benefits to Operators**

The Volvo Genuine Oil Filters stay effective under great pressure and temperature variations for longer. They provide a longer service life and greater operating efficiency, keeping your on the road.

Sales Sheet

## FEATURES

- Flexible adhesive joints. Minimal risk of unfiltered oil in the engine, causing reduced durability.
- No clogging before the end of the maintenance interval due to the lower paper area (0.77m<sup>2</sup>). Lower Fuel Consumption.
- Grip structure. Easy to remove at service.
- Sturdy sheet steel case. No risk of structural fatigue or failure leading to leakage.
- Uniform folding increases the filtration capacity. No unnecessary engine wear.

## HOW TO BUY

Volvo Genuine Engine Oil products are available through your nearest Volvo Dealership.

Advanced techniques and huge laboratory resources are needed to produce a filter paper with exactly the right pore structure. The photo shows a Volvo genuine filter paper magnified 100 times.

Filter media is pleated for larger area.

## BENEFITS

### Complete Coverage

Premium Volvo solutions come at a competitive cost to meet any of your Oil Filtration needs. With Volvo Genuine filtration, you're getting the market's premium filtration solution for your Volvo engine.

### Quality Components

Volvo Genuine Oil Filters are constructed from the highest quality components. The filtration media, seals, adhesive and casing are all designed and manufactured to maximize the life of the filter and lower the total cost of ownership for the customer.

### Maximum Performance

Volvo Genuine Oil Filters protect the engine and other vital components. Our products are designed and manufactured to keep your Volvo Truck running at peak performance. Volvo Genuine Oil Filters maintain fuel efficiency and engine power over an extended service life.
